## **Ride the Rapids: Navigating General Education through Turbulent Times**

September 24, 25 & 26, 2026

DoubleTree City Center  
Charlotte, North Carolina

***Partnership Opportunities***

February 2026

The Association for General and Liberal Studies is a national organization designed to assist general education faculty and administrators with practical knowledge and experiences for creating, revising, and running a quality program. AGLS invites your organization to become involved with this important work by becoming a 'key event partner' during our upcoming annual meeting. Select one of the opportunities to connect with our attendees who come from all over the U.S. and abroad.

Why AGLS? We help individuals, programs, and institutions with everything from communication and marketing to day-to-day administrative operations to innovations in the classroom. During our Constitute – part conference, part institute -- one of our association's primary purposes is to focus on the practical 'nuts & bolts' tools and best practices of creating and maintaining relevant general education programs on our campuses. In Louisville, we also want to expand on the all-too-common questions 'why is general education important during college?' and 'what does a relevant liberal education do for our students after they graduate?' As advocates of general and liberal education, we understand it is important that every student receives the tools and skills for the world of work, nurtures an empathetic humanity for a well-rounded life, and understands the importance of being an informed, engaged citizen. Our constitute offers us the opportunity to gather, share, and recommit ourselves to the revitalization of general education and liberal studies so all students have successful careers and live fuller, richer lives.

Becoming a key event partner offers your company or products exposure not only at the conference and conference web page but offers the opportunity to give a session on how your work can enhance, improve, or revolutionize the work of our member institutions. Because AGLS attendees actively seek tools and approaches they can implement upon return to their campuses, the Constitute will connect you with professionals searching for the solutions your company has to offer. See below for full details.

Help AGLS promote the best that general and liberal education has to offer. Our work is always a work in progress and requires commitment to continuous improvement. Your support will allow us to continue to focus on areas that urgently demand attention – particularly related to access, equity, diversity, inclusion, and justice.

Become a part of this active organization. Please feel free to contact me if you have any questions. I am here to assure you of the best service for your experience with AGLS. We value your support of the smaller associations!

*Thank You!*
